V800™ Cabinet

Siemon's V800 cabinets provide a robust, cost-effective enclosure solution that offers valuable Zero-U space on each side of the equipment rails for cable management, PDU mounting or connectivity on both the front and rear of the cabinet. The V800 cabinet is ideal for high-density data center environments, enabling increased cabling and equipment density while providing excellent accessibility and thermal efficiency. All of these features are integrated into a full-featured modular enclosure that is equally effective as a standalone network and server cabinet or in a multi-unit bayed configuration, offering a simple, scalable expansion path in any data center.

The V82A cabinet is exactly 1200mm (47.2 in.) deep, allowing for full access to adjacent tiles immediately in front or in back of placed cabinets and provides full 1.2m (3.9 ft.) aisle spacing as specified within ISO/IEC 14763-2 and EN 50600-2-4

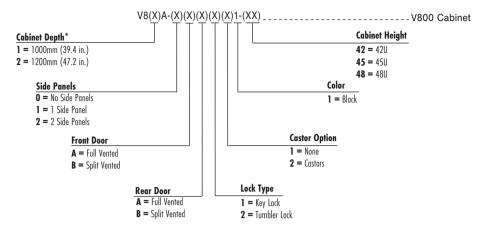

The cabinet lid includes four integrated brush guards for cables to enter the cabinet without compromising thermal integrity

V800™ Cabinet Zero-U Accessory Ordering Information

Cabinet Accessory Ordering Information

Ordering Information

Part Number	Description
VPA-SPAN-1	Adjustable depth cable trough, extends from 555mm (21.9 in.) to 911mm (35.9 in.), 81mm (3.2 in.) wide; 65mm (2.6 in.) high Used to route cables between the front and rear of cabinets. Mounts between vertical patching channels mounted to front and rear of cabinets, black
V8A-LD-1	V800 lid divider panel, set of 2, 107mm (4.2 in.) high Used to create cable pathways on top of bayed cabinets, black
V-TRAY-100-1-(XX)	100mm (3.9 in.) V600/V800 vertical cable tray, set of 2, black
V-TRAY-150-1-(XX)	150mm (5.9 in.) V600/V800 vertical cable tray, set of 2, black
V-TRAY-300-1-(XX)	300mm (11.8 in.) V600/V800 vertical cable tray, set of 2, black

These trays can be easily mounted at any location along the front-to-rear cabinet rails of V600 and V800 cabinets and feature keyholes for PDU mounting, t-shaped cutouts for cable tie attachment cable management and 9.5mm (0.375 in.) cage nut openings for cable management accessory mounting such as Siemon's VP-143 ¼-turn cable managers.

Use (XX) to specify cabinet height: 42 = 42U, 45 = 45U, 48 = 48U
